Dear Friends and Colleagues,

To mark the occasion of Dr. Peter Victor's retirement from York University, and to recognize his many professional and academic contributions, we are organizing a one-day symposium in Peter's honour on June 11, 2018. You are invited, and we hope you will be able to join us! The event will be shared online via Zoom, so if you would prefer, you are welcome to participate 'virtually'.

We are inviting Peter's colleagues from the Ontario government, civil service, academia, former students, co-authors, international ecological economics collaborators, and friends. Peter has influenced so many; this is a chance to reflect together on his ideas and their ramifications for ecological economics, public policy, and ethically-engaged citizenship – among other things!

The symposium will be held in room 519, 5th floor, Kaneff Research Tower, York University from 9:30 until about 4:30 on June 11. Lunch will be provided, and the symposium will be followed by a reception. The research tower building is fully accessible and is just outside the York University subway station; paid parking is also available nearby in the York Lanes lot.

Thank you and we hope you will mark the date and plan to come! We will send a formal RSVP and reminder email in April.

Very truly yours,

Patricia E. (Ellie) Perkins
Professor, Faculty of Environmental Studies

Katie Kish
VP – Communications, Canadian Society for Environmental Economics

Eric Miller
Consulting Ecological Economist
